

NATIONAL LEVEL TECHNICAL SYMPOSIUM - Connexiion

MEENAKSHI SUNDARARAJAN ENGINEERING COLLEGE

(AN AUTONOMOUS INSTITUTION) | MANAGED BY IIET SOCIETY

363 , Arcot Road , Kodambakkam , Chennai - 600 024

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

EPSILON 2K26

CONNEXIION

16-03-2026 MONDAY

VENUE : CR 3 EEE FIRST FLOOR

**ROUND 01
CREATIVITY ANALYSIS**

**ROUND 02
DESIGNING IDEA**

**ROUND 03
BUILDING UP**

CONNEXIION is an interactive multi-stage technical event that challenges participants to demonstrate their analytic abilities, electrical components knowledge, and engineering fundamentals. Through structured quiz rounds, component identification tasks, and teams strategically connect clues to reveal the core electrical principle behind the challenges.

CONNEXIION: AN TECHNICAL EVENT

Organized by: Department of Electrical and Electronics Engineering

Venue: CR3(1st Floor)

Level: National Level Technical Symposium

1. Event Overview:

Connexiion is an engaging and core problem solving challenge designed to test participant's teamwork, and and spontaneous thinking skills. The event works under electrical core components where teams must act fast,quick in solving tasks, and creatively respond to the situations. It is an event of logic, adaptability, and smart decision-making under pressure situation.

2. Event Nature:

- **Type:** Technical Event
- **Category:** General Electrical core Knowledge + Strategy
- **Format:** Three Rounds

3. Event Objectives:

- To create a competitive yet fun learning environment.
- To enhance spontaneous thinking and quick decision-making skills.
- To encourage teamwork and effective coordination.
- To improve communication and role-play abilities.

4. Team Composition:

- Each team can have a maximum of 3 members.
- Open to all departments.
- Inter-college teams are allowed.
- Individual participations are not permitted.

5. Registration Details:

- Registration will be accepted on a first come, first serve basis.

- Limited slots available. On-spot registration only slots are vacant.
- Teams must register online before the specified deadline.
- Once registered, team members cannot be changed.

6. Event Structure:

Round 1: Creativity Analysis

Objective:

To test general, quick response, and task execution skills.

Format:

Multiple choice question and answer format.

Procedure:

1. Teams form with a team name and answer accordingly in the website quiz section.
2. Total number of questions will be 25.
3. Answering questions is mandatory to earn points.
4. Each question carries two marks for validation.
 - Answer the questions continuously.
 - Maintain your streak for 5 questions.
 - Earn +1 bonus mark.
5. No question can be skipped.

Round 2: Designing Idea

Objective:

To assess creativity and innovation through image play..

Procedure:

1. Teams will be given with unique structured images.
2. One minute will be given to attend each question. Each question carries five marks.
3. Teams must perform well for earning points. There will be chance for first three teams answering for same question with reduced marks by priority of buzzer.
4. Each team should discussed among themselves and say their answer through digital buzzer.

5. Based on marks, teams will be qualified for final round.

Round 3: Building Up

Objective:

To think logical, creativity and problem solving through core knowledge.

Procedure:

1. Each team will be assigned to a unique task of connecting components through various methods.
2. Only one question for this round. There will be no time limit for this round.
3. There will be moto by first come, first serve to answer the question correctly through buzzer.
4. Answering team should explain the concept of the question and prove the answer.
5. Based on correct answer and marks, winners will be selected.

7. Event Rules & Guidelines:

1. Participants must maintain discipline and respect throughout the event.
2. Mobile phones are allowed for one member per team, no other member of teams using mobile is strictly prohibited.
3. Any form of malpractice will result in immediate disqualification.
4. Evidence materials, clues, or props must not be damaged.
5. Participants must maintain silence while instructions are given.
6. Arguments and conflicts will not be tolerated.
7. The jury's decision will be final and binding.

8. Judging Criteria:

- **Round 1:** 50 Marks with Bonus Points Criteria will be 25 Multiple Choice questions
 $2 \times 25 = 50$ Marks.
- **Round 2:** 45 Marks Criteria will be 15 core electrical related Image based questions
 $5 \times 15 = 45$ Marks

- **Round 3: 100 Marks**

Criteria will be

- Any two or more jumbled words of components names. (25 Marks)
- Connections between third component with first two components. (50 Marks)
- Logic explanation of three components. (15 Marks)
- Final answer. (10 Marks)

TOTAL:

$$25+50+15+10 = 100 \text{ Marks}$$

9. Event Timings: 10 Am to 1:00 Pm

10.Safety & Compliance:

- All participants must adhere to college safety regulations throughout the event.
- Organizers will supervise all setups.
- The use of hazardous materials or high-voltage equipment is strictly prohibited.
- Any misconduct or violation of event rules will result in disqualification.

11.Expected Outcomes:

- Encourages logical thinking and analytical reasoning.
- Enhances problem-solving ability in high-pressure situations.
- Promotes effective team collaboration and coordination.
- Strengthens confident decision-making under pressure.
- Develops practical crisis management and adaptability skills.

12.Event Coordinators:

- Deepak G D
- Yogalakshmi J

13.Event Communication:

- For Queries Contact: epsilon2k26@gmail.com
- Student Coordinator Contact: +91 73973 77589
